TALHA SHAMIM

FULLL STACK WEBSITE DEVELOPMENT

PERSONAL PROFILE

I'm a student at IIT Tirupati pursuing Computer Science Engineering, 2nd yr. I like web development and have few projects experiences in the college.

WORK EXPERIENCE AND PROJECTS

Website for AIIMS
Currently I'm working in a project of AIIMS Kalyani, almost complete, there I've been working as full stack developer.

College website for fest (TIRUTSAVA)
I have contributed as a core member in my college for a fully functional website which was used in our college for fest purposes

Tirutsava competition
We also made a website for our college fest where our team got 1st prize in Tirutsava web development competition.

Technical Website
I have also worked under my senior in one of their project based on MERN stack.

Social Media
I've also made a social media kind of website with one of my friend. With basic features of messaging, friend list etc.

Ecology Project
I've made a environmental website for ecology project that was also based MERN stack
